Re: Gustav Helman

To Whom It May Concern:

I am writing this as a letter of recommendation for Gustav Helman. Gustav has taught Spanish to high school students for the past two years here at Mont'Kiara International School; I have supervised him in my capacity as secondary principal during that time.

When you walk into Gustav's classroom, you are immediately struck by the neatness of the space, and that order is reflected through the way the classes are presented. Students are on-task and interested in the material.

Gustav brings a solid knowledge of curriculum issues in language acquisition to his role in the Spanish program here at M'KIS. He is able to speak knowledgeably about a wide variety of issues related to his field.

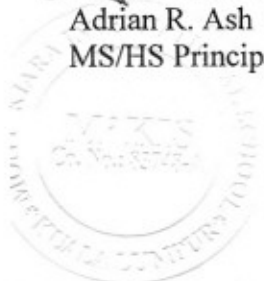

Gustav created and applied interactive learning activities and assessment based on the proficiency approach suggested by the I.B.O. for language teaching.

Gustav places a particular focus on teaching language in relation to background culture. He has organized a linguistics and culture-based approach to the study of Spanish, based on the languages spoken by the students in the class.

I wish Gustav well as he moves on from Mont'Kiara. He will bring many skills to the next school community of which he becomes a part.

Sincerely,

Adrian R. Ash
MS/HS Principal
